National Women's Month Celebration

With the goal of fostering a Gender and Development Program where all women have equal rights, power, and opportunities, the 2025 National Women's Month Celebration (NWMC) carries the sub-theme: "Babae sa Lahat ng Sektor, Aangat ang Bukas sa Bagong Pilipinas." This reinforces the core objective of RA 9710, or the Magna Carta of Women—to empower women, promote gender equality, and ensure equitable access to resources and opportunities.

This year's focus will continue to support the administration's brand of governance and leadership, aligning with its rallying cry for an all-inclusive plan for economic and social transformation. We reaffirm our commitment to building a "Bagong Pilipinas"—a nation where women have equitable opportunities, free from gender biases and discriminatory stereotypes. The phrase "Babae sa Lahat ng Sektor, Aangat ang Bukas" embodies a sense of optimism and hope, symbolizing a future where women's lives are truly uplifted. It reflects the commitment to translating gender equality efforts from policy into tangible, meaningful changes in the lives of women.
